Hello Everyone!

Welcome back to the 45th issue Lunar Notes. Lunar Notes is a free monthly e-Newsletter that discusses the cycle of the Moon as well as the symbolism of the New and Full Moon, Eclipses and other significant planetary aspects during the upcoming month. Relationship issues are also discussed under the **Soul Mates/Relationship Section**. If you missed the 1st Issues of Lunar Notes you can locate them on my websites: www.KarmicAstrology.tv or www.FuchsiaStars.com Any one wishing to subscribe to this newsletter can do so by submitting your e-mail address through Yahoogroups.com and you will automatically be subscribed to LunarNotes.

I will be working a **Psychic Fair** on March 4th at **New Age Insights** located at 105 Leonardville Road, Belford, New Jersey.

I've recently purchased a new software module that permits me to generate beautiful **Child Reports**. This report makes a wonderful gift for the new parent, a birthday gift for a young adult or even a report for your grown child as a memento of how they probably perceived the world and others around them during their childhood. Sometimes it's important to look to our past to see how we became. Our past can offer invaluable clues to our present circumstances. You may even enjoy a copy of this report for yourself! ☺

Gift Certificates are now available for Readings, Reports and Workshops. Parents: Natal consultations about Children /Teens! Makes excellent Birth, Graduation or Sweet 16 Gifts. E-mail me for details at mailto: FuchsiaStars@aol.com or visit websites at www.KarmicAstrology.tv or www.FuchsiaStars.com for details.

~~~~~  
**Happy Birthday Pisces!** For those born **between February 19th - March 20th** The Key Phrase is: **I Believe**. Pisces is a Mutable (changeable, flexible), water (feelings and emotions) sign located in the Eastern Hemisphere of the chart. Pisces governs the last house, the 12th house, of the natural zodiac. The 12<sup>th</sup> house includes areas of our life such as hospitals, institutions, confinement, dreams, large animals, psychic influences and meditation, solitude, secret sorrows, sensing, and the subconscious to name a few. Pisceans are usually the people who are willing to most sacrifice themselves for others. They are compassionate and idealistic, often to a fault. If you have a Pisces Sun, or if you have planets located in the 12<sup>th</sup> house in your birth chart, you are often very intuitive and have psychic ability. Several of my friends are Pisces or have Neptune, the ruling planet, prominent in their birth chart.

The Piscean personality is mutable (changeable) and easily influenced by family and friends rather than paying closer attention to their keen intuition. They see and know things about others that often are not validated. Because of this Pisces begins to believe that their reality of others is wrong. The truth is that others are not as keenly aware or in denial about what Pisces and planets in the 12<sup>th</sup> see so easily.

Pisces health issues relates to the feet and immune system ... strange illnesses that creep up on you or that were hidden such as anemia, HIV, AIDS, or Herpes may develop. Pisces' polar opposite (12<sup>th</sup> house - hospitals) is Virgo (6<sup>th</sup> house- health). The immune system is under strain when Neptune makes difficult angle connections by transit in your birth chart. (conjunctions, squares, oppositions and quincunx)

Your ruling planet is the romantic, dreamy, wispy, illusive and mutable planet Neptune. Neptune is fog...you simply can't "grasp" it and it's often too dense to see through it. If Neptune is strong in your chart, you may have artistic or musical ability. The image I have of Neptune is the Good Fairy sprinkling fairy dust that temporarily clouds your good judgment. Since Neptune/Pisces rules the feet, ballet dancers and dancers of all kinds may fall under Neptune's domain. Negatively, if Pisces isn't in tune with their inner calling they may fall prey to Neptune's illusions and develop addictive tendencies and a victim mentality causing them to lose their way.

**Neptune** will often "blur" our vision of reality and cause self-deception or draw deceptive people and situations to us. Neptune and/or Neptune transits are prevalent in addictions of all kinds. With Venus/Neptune there could be deception in love, idealistic expectations of the loved one, affairs or alcoholism and drug abuse. The positive manifestation could be artistic and musical ability and a compassionate and romantic nature. Mars/Neptune can dissipate energy, energy "leaks" are common, and passive/aggressive behavior is likely. The positive manifestation might be psychic ability and a romantic nature. Neptune and Pisces often have loose or undefined boundaries. Boundaries are limitations, what we will and will not tolerate from others. They indicate where you and I begin and end. Often, when Neptune, Pisces and the 12<sup>th</sup> house are involved, we may have undefined boundary issues especially in our interpersonal relationships. The lack of personal boundaries may have been learned because of invasive or overbearing parents or siblings when we were children. We feel deception within the parental household on an unconscious level...parents may have kept secrets from the children or from each other. This may manifest in boundary issues as we grow and begin to engage in relationship. There is something vague, that we do not trust. Sometimes we give up too much or not enough just to be in a relationship or within our friendships or working environment. You might not know where to draw the line in relationships. You might allow others to overstep your boundaries too often creating a win-lose situation.

These precious illusions in my head,  
Did not let me down when I was defenseless.  
And parting with them, is like parting with invisible best friends.

But this won't work as well, as the way it once did  
Cuz I want to decide between survival and bliss  
And though I know who I'm not, I still don't know who I am,  
But I know I won't keep on playing the victim.

These precious illusions in my head,

Did not let me down when I was a kid,  
And parting with them, is like parting with a childhood best friend.

I've spent so long firmly looking outside me.  
I've spent so much time living in survival mode...  
Precious Illusions by Alanis Morissette

Since Pisces is the last sign of the zodiac, some say it is the most spiritually evolved sign because compassion and selflessness are indicative of a person with Pisces energy. Intuition and psychic ability are possible with planets in Pisces, located in the 12<sup>th</sup> house or in aspect to Neptune. There is a gentleness, softness and innocence related to this sign. One of the 3 emotional water signs, Pisces lives in a world of dreams and romance. This romantic soul wants to feel deeply connected with their partner.

**Famous Pisces:** Pierre-Auguste Renoir, French Painter: Feb 25, Jackie Gleason, Comedian/Actor: Feb 26, Elizabeth Taylor and Joanne Woodward, Film Actresses: Feb 27, Jimmy Dorsey, Clarinetist/Bandleader: Feb 29, Jon Bon Jovi, Rock Singer/Songwriter: March 2, Theodore Seuss Geisel (Dr. Seuss), Author/Artist: March 2, Bobby Fischer, World Champion Chess Grandmaster: March 9, Percival Lowell, Astronomer who predicted Pluto's discovery: March 13. March 13 is also the discovery date of planet Uranus by Herschel in 1781.

### THE HANGED MAN Card - Number 12

The Hanged Man card in the Tarot deck is card #12 and is symbolic of sacrifice. In this way the Hanged Man relates to the sign of Pisces. The Hanged Man is hanging upside down, tied by one foot with the other leg folded behind him freely, with his hands behind his back and a lovely glowing halo crowning his head. Upon first glance you may think he is being punished for some reason and being held captive. Upon closer examination, he doesn't look unhappy in this position. He is a willing victim/participant and seems at peace. We often must sacrifice and give up our confining thoughts and ideas from our past in order to see the light and seek enlightenment. We must push aside temptations or instant gratification and just "hang around" and wait it out!

The Ego loses dominance with card number 12. Ruled by illusive Neptune, we adopt feelings and appreciation of mystical vibrations that move beyond the intellectual. Here we must surrender to a **HIGHER POWER** ☺ Priorities change with a selflessness striving towards excellence. We stabilize thoughts. Shortcomings of constant self gratification become vividly clear. We contemplate hidden meanings. We must give up something to receive something greater in value. The Hanged man understands that life is infinite change and we now listen to our intuition and trust in our own judgment. Spiritual hibernation enables us to view life from an altered state and we then experience an alteration in values; a change of priorities and our belief system is shaken.

The 12th portal is the "Law of Reversal"; Reversal of thought and point of view when the "truth" is realized. Self surrender will follow naturally.

When I see this card in a reading it can mean the need to take a pause in the question at hand. Sometimes it means a lack of commitment in a relationship reading or being at a stand still or cross roads. Someone isn't sure about the relationship...only one foot in the relationship.

### **BIG WINDS MOON (Cougar)**

In Native American Astrology, those born from February 19<sup>th</sup> - March 20<sup>th</sup> are born under the Big Winds Moon and their animal totem is the Cougar. Their color is blue-green of the turquoise and turquoise is also their totem in the mineral kingdom. They are of the Frog Elemental clan.

The stone turquoise is one of the oldest stones used for adornment and protection. Native Americans utilize this stone is much of their jewelry. When worn it was thought to keep its owner from injury or danger.

Cougar people often have healing powers with the ability to heal others. They are comfortable in magical and mystical realms. These people have the ability to absorb both positive and negative energy from others so it is important for them to always stay grounded in earth.

The Cougar is the largest cat in North America. Like all cats, cougar is a hunter and enjoys the chase in a hunt. Cougar/Puma is a mountain lion and is solitary and territorial. This cat is one of the best runners and climbers. Their speed and endurance is exemplary. They are also swift in their mind and capable to going to distant places that few others travel. Their ability to sit perched and still for hours to ambush his prey is unmatched. This is one of the few cats who will hunt during the day.

The also have stalking ability; the ability to move in silence. Balance is essential to their well being. When off balance they become moody but with the proper direction can be most productive. When cougar appears as your animal totem, he often warns of a lesson that comes in terms of an experience. Coming into your own power, exerting your influence, patience and silence and increased intuitive ability would be utilized if under personal attack.

### **March, 2006**

**Our Moon changes signs approximately every 2 ½ days.**

**Mars** begins the month at 5 degrees of Gemini and will end the month at 22 Gemini.

**March 3, 2006 - Mercury turns retrograde - 26 Pisces 02.** Mercury will make its way backwards most of the month, turning direct on March 25<sup>th</sup> at 13 Pisces 11'. Back up your computer and take your time driving. With Mercury retrograding backwards, this is not the

time to sign any new contracts, purchase electronic equipment or make any major decisions in your life. It IS time to review, revise and reflect. When Mercury turns direct, that would be the best time to act on any decision or conclusions you have decided during this backward motion.

**March 4, 2006 - Jupiter turns retrograde - 18 Scorpio 51'.** Jupiter will travel backwards through July 6<sup>th</sup> until it stations direct at 8 Scorpio 58'.

**March 6, 2006 - Venus enters the freedom loving sign of Aquarius.**

**March 14, 2006 - 24 Virgo 15' (FULL MOON LUNAR ECLIPSE)**

Note events in your life a week before and after, 3 months, 6 months, 9 months and up to 18 months after the eclipse to affect the area of life in which the eclipse falls in your birth chart.

**March 20, 2006 - Vernal Equinox - Sun enters fiery Aries.** Happy Birthday Aries! More will be discussed about Aries in our next issue. Equinox means equal night. The days and nights are about equal in length. At this time we welcome spring. Happy Spring!

**March 29, 2006 - 08 Aries 35" (NEW MOON TOTAL SOLAR ECLIPSE)**

Note events in your life a week before and after, 3 months, 6 months, 9 months and up to 18 months after the eclipse to affect the area of life in which the eclipse falls in your birth chart.

**Saturn, lord of karma** continues his backwards motion on the sign of Leo. He begins the month at 5 Leo 29 and ends the month at 4 Leo 24.

Electric **Uranus** begins the month at 10 Pisces 41 and ends the month at 12 Pisces 21'.

**Neptune** at 18 degrees of Aquarius ends the month at 19 Aquarius 05'.

**March 29, 2006 - Pluto retrograde** at 26 Sagittarius conjunct the Galactic Center on the same day as the Solar Eclipse. Pluto will continue his backward journey until September 3, 2006 when he turns direct at 24 Sagittarius 04'.

### **SABIAN SYMBOL'S:**

For those of you unfamiliar with the Sabian Symbol, the original Sabian Symbols were written in 1931 by Marc Edmond Jones. Dane Rudhyar later revised the symbols and others have re-interpreted the symbols periodically. Lynda Hill writes one of my favorite modern interpretations. The basis of these symbols is derived from the 360 degrees in the zodiacal circle. Each sign of the zodiac: Aries, Taurus, Gemini and so forth, is comprised of 30 degrees. Since there are 12 signs in the zodiac, that would be 12 signs X 30 degrees = 360 degrees. There are 360 Sabian Symbols and each symbol coincides with and describes each degree of the zodiac. If you know your birth chart, utilizing these symbols for each of

your planetary placements is rather telling and will provide you with greater insight into your own character traits and motivations.

### **FULL MOON - March 14, 2006 - 24 Virgo 15' (FULL MOON LUNAR ECLIPSE)**

With a Full Moon, we see a culmination or coming to a head the seeds planted during the previous New Moon cycle. Lunar ruled Cancer is usually more affected by a Full Moon and especially in her own sign. Since the March 14th Full Moon falls in the sign of Virgo, this lunar energy will be emphasized. Virgo is a mental, earth sign and resides in the 6<sup>th</sup> house of the natural zodiac, ruled by Mercury the messenger. In the sign of Virgo, this Full Moon is more intellectually intensified. Health, healing, being of service, day to day work, people who work for you, pets, and aunts and uncles will be highlighted. This is no ordinary Full Moon because it is also a **Lunar Eclipse**. Note events in your life a week before and after, 3 months, 6 months, 9 months and up to 18 months after the eclipse to affect the area of life in which the eclipse falls in your birth chart.

### **SABIAN SYMBOL FOR 25 VIRGO:**

#### **A FLAG AT HALF-MAST IN FRONT OF A PUBLIC BUILDING**

When a flag is flown half-mast it is usually a symbol of mourning for someone or something that has died. Whenever there is a loss we must assimilate the effect of the loss on us and grieve. The flag is also a symbol on display as it waves in front of the building for all to see. Because it is on display, the loss may be symbolic of a loss to a group of people or a community. It's time to pay tribute to what has been lost and mourn or grieve what is past.

Where does this symbol fall in your birth chart?

### **NEW MOON - MARCH 29, 2006 - 08 Aries 35" (NEW MOON TOTAL SOLAR ECLIPSE)**

#### **SYMBOL FOR 9 ARIES**

#### **A SEER GAZES INTO A CRYSTAL BALL BEFORE HIM**

A seer has the ability to see into future events. Crystals have the ability to transmit energy and to often heal. Scrying is the act of looking into either a crystal ball, a pool of water or into fire and blurring the vision as to see a message there for only you. It is a method of receiving divine guidance to see clearly into a situation. The unconscious mind wants to speak to the seer whose intense focus or gaze will bring him the answers he seeks. Narrowing your gaze or focus will enhance your intuition.

This symbol is one of looking within, visualization and clairvoyance.

Negatively, we may be so over focused on one perspective we may miss the various nuances. Obsessions are possible.

SOUL MATES/RELATIONSHIPS:

The Pisces/Virgo - Ascendant/Descendant Relationship Axis (1st house/7th house)

As mentioned in past issues, knowing your partners 7th house cusp (the relationship house) and the ruler of that house will indicate the type of partner you may attract or are attracted to and the method of relating within a relationship.

The Ascendant or Rising sign is the sign rising on the horizon at the time of birth. This is the face we show the world, our "mask" for which our Sun hides behind. This is our outer personality, temperament and disposition as well as how we experienced our early home environment growing up. It is the way others see us and also gives indication of our physical appearance. The ruler of the Ascendant and the aspects (connections to other planets in your birth chart) further delineate and define your physical appearance.

The Descendant, or 7th house cusp, its ruler and the aspects it makes in your birth chart, is symbolic of the type of partner you are attracted to. The 7th house is the house of all partnerships including marriage and legal contracts yet also considered the house of open enemies or the Defendant in a law suit.

In relationships, Pisces has Neptune as the modern ruler and with benefic Jupiter as the ancient ruler. If you have a Pisces Ascendant, you appear mercurial and may have a naïve disposition. You may be more spiritual than most. Because you are a mutable sign, although you are flexible you can also be indecisive.

With Mercury ruled Virgo on the descendant you seek a methodical, practical and articulate partner. Attraction to a partner with those qualities who is organized and analytical as well as health conscious is possible.

One of the first things you could look at when you have the birth data of a potential partner, is their Sun placement since the Sun rules your descendant.

It is also possible for a Pisces Ascendant to attract a partner who has Mercury prominent in their chart. Prominent Mercury would be in aspect to the Sun, Moon, Mars or Venus or elevated in conjunction to the MC (10th house cusp) or IC (4th house cusp) conjunct or ruling their Ascendant or Descendant or Sun sign in Gemini or Virgo.

Knowing the date, time and place of birth is important in making the determination of the Ascendant or Rising sign, the sign rising on the horizon at the time of birth. This cusp sets up all the other house cusps that are the divisions of the houses or areas of life.
