**M** Happy Birthday **Scorpio the Scorpion!** (Happy Birthday Mom ☺) to all of those born from October 23 - November 22! Key Phrase for Scorpio is **"I DESIRE"**

Scorpio abhors phoniness and can usually spot a lie before it is even uttered in word. They are usually honest and loyal. Scorpio Rising (Ascendant) individuals usually have angular facial features and are easily recognized by the eyes. The expression "the eyes are the window of the soul" might be considered the hallmark of one with planets in the sign of Scorpio...and with a twist. You might say that Scorpio Rising people have the unique ability to see into the soul of "others" with their penetrating gaze.

Scorpio's polar opposite (8th house - sexuality, taxes, values of others, others finances, inheritances, death and endings) is the fixed, earth sign Taurus (2nd house - values, finances, aesthetics, issues around personal security). The integration of my values and finances versus others values and finances and security issues are some areas of life for Scorpio, also contingent

upon other areas of the birth chart. When under stress each sign will operate through the most negative characteristics of their polar opposite, the sign 180 degrees opposite itself. In this case, when under stress, Scorpio can manifest the negative qualities of fixed earthy Taurus, ruled by Venus. Some of those qualities would be the unique stubbornness, inflexibility and fixity of Taurus. Temper tantrums are possible.

If we can't find a way out of these problems  
Then maybe we don't need this  
Standing face to face  
Enemies at war we build defenses  
And secret hiding places  
- Hold Me - Savage Garden

Our icy planet Pluto rules the sign of Scorpio. Some astrologers still utilize the original ruler Mars as Scorpio's ruler. Pluto is considered the higher octave of Mars in traditional astrology. They are sometimes associated with the 1<sup>st</sup> and 2<sup>nd</sup> charkas where instincts and survival issues are centered, 8<sup>th</sup> house versus 2<sup>nd</sup> house issues. I would venture a guess that a Scorpio "invented" the concept of "Soul Mates".

Obsessions, compulsions, addictions and uncontrollable passions all fall under Pluto's realm. If your Pluto makes an aspect to a partner's Venus or Mars...sparks fly. Astrologer Linda Goodman in her book, **Relationship Signs** writes that "Venus/Pluto contacts indicate a "soul mate" relationship. There is an indisputable karmic tie between you and it's a powerful one. Even when there are disagreements....it is next to impossible to separate the two of you permanently. Anyone who tries to come between you will not succeed". Pluto has strength and staying power. Pluto is all about sexuality, intensity, change and transformation.

And when you looked into my eyes felt a sudden sense of urgency  
Fascination casts a spell and you became more than just a mystery  
And I think about you all the time.  
Is this fate, is it my destiny?  
That I think about you all the time  
I no longer pretend to have my hand on the wheel because...

I feel the magic all around you  
It's bringing me to my knees  
Like a wannabe  
I've got to be chained to you...  
I feel the magic building around you

**Chained to You - Savage Garden**

Pluto was discovered in 1930. This was a period of time when the atom bomb, made from Plutonium, was being developed. The United States was in the midst of a Depression and

Psychoanalysis and Depth Psychology were emerging. Pluto is symbolic of psychoanalysis. The function of Pluto is to transform, liberate and motivate. Sigmund Freud's theories on sexuality (Scorpio and 8<sup>th</sup> house) and Carl Jung's theories of transformation (Pluto) were formulated. Hypnosis, probing the hidden recesses of our mind is also related to Pluto. Both Freud and Jung have Pluto prominent in their birth chart. Additionally, Pluto was assigned to rule the sign of Scorpio since both the planet and its sign are related to the underworld. (Underneath and hidden from view)

Pluto is the planet of power, obsessions, transformation, the depths of the unknown, what's underneath, sexuality and instincts necessary for survival. Pluto/Scorpio is nothing if not intensely passionate and penetrating. The superficial holds absolutely no appeal for those born under the sign of Scorpio...these guys are "deep" and penetrating...and just try to pull one over on them and you will have an enemy for life. Frankly, you may not know this about them because they have the ability to conceal and cloak themselves in (self protective) secrecy quite well. The planet Pluto ruling the sign of Scorpio is all about redefining and transforming the mundane and outmoded. Scorpios usually have many talents and vocational interests' i.e.: research, psychology, sex therapists, metaphysics, analysis, detective work, surgery, The Mafia, medicine and jobs where scrutiny of data is necessary. Scorpio resides in the 8<sup>th</sup> house of the natural zodiac and so also rules our sexuality and the sexual and reproductive organs of the body. Most Scorpios exude sexuality and are magnetically attractive to others. They have the reputation for being the sexiest sign in the zodiac and the most intense!! The French have a term for orgasm called "la petit mort" meaning, "a little death". Scorpio desires to be swept away through erotic transcendence. This little death experienced through orgasm is both a desire and fear. In Sanskrit, Nirvana means "annihilation" or to be "blown away". <ahem> And what about Scorpio and sex??...Tantric practices, all consuming, mystical, spiritual, sacred sexuality!!...can you say Kama Sutra???

Getting comfy, getting perfect is what I live for  
But a look, then a smell of perfume  
It's like I'm down on the floor and I don't know what I'm in for

Conversation has a time and a place  
In the interaction of a lover and a mate  
But the time of talking, using symbols, using words  
Can be likened to a deep-sea diver who is swimming with a raincoat

Come stand a little bit closer,  
Breathe in and get a bit higher  
You'll never know what hit you  
When I get to you...

I Want You - Savage Garden

When this card appears in a reading, you are being asked if your judgments of others are restricting your growth and your ability to create lasting relationships. The need to transform dysfunctional beliefs will elevate you to a higher spiritual vibration. Keywords are renewal, awakening, inner voice, inspiration, spiritual awareness, and having a desire to improve. Negatively: a closed mind, mistakes from following the wrong advice, having a limited viewpoint.

In Native American Astrology, those born from October 23rd- November 22nd are born under the Freeze Up Moon and their animal totem is the **Snake**. Their gemstone **Malachite** is thought to have spiritual powers and increases receptivity to all forms of subtle energy including psychic energy. Their color is **orange** and their mineral is **copper**. Copper is attributed with many special powers. For years, people who suffer from arthritis will wear copper bracelets or anklets to ease the stiffening of the joints. Copper also conducts electricity better than most other minerals and is usually utilized in electrical wiring. It also conducts heat more uniformly than most over a variety of surfaces and is why you will often see this coating underneath pots and pans.

Snake people have great ability to aid in others growth. Snakes are very adaptable to their environment. They are highly sexual beings, and very sensitive to touch and vibrations, partly because they are cold-blooded and use their environment for warmth. Because snakes have a prickly outer skin, people tend to not want to get too close to them. Once others realize the outer skin is only a protection for their inner sensitivity they will start to develop a closer relationship with Snake people.

## SOUL MATES/RELATIONSHIPS:

### **The Scorpio/Taurus Ascendant/Descendant Relationship Axis (1<sup>st</sup> house/7<sup>th</sup> house)**

As previously discussed, knowing your partners 7<sup>th</sup> house cusp (the relationship house) and the ruler of that house will indicate the type of partner you may attract or are attracted to and the method of relating within a relationship.

The Ascendant or Rising sign is the sign rising on the horizon at the time of birth. This is the face we show the world, our "mask" for which our Sun hides behind. This is our outer personality, temperament and disposition as well as how we experienced our early home environment growing up. It is the way others see us and also gives indication of our physical appearance. The ruler of the Ascendant and the aspects (connections to other planets in your birth chart) further delineate and define your physical appearance.

The Descendant, or 7<sup>th</sup> house cusp, its ruler and the aspects it makes in your birth chart, is symbolic of the type of partner you are attracted to. The 7<sup>th</sup> house is the house of all partnerships including marriage and legal contracts yet also considered the house of open enemies or the Defendant in a law suit.

In relationships, Scorpio has a dual planetary rulership. The ancient planetary ruler for Scorpio is assertive Mars, while the modern planetary ruler is transformative and regenerative Pluto. Pluto ruled Scorpio is intense, private, penetrating and sexually alluring. If you have a Scorpio Ascendant, you are private, discreet, and are known for the intensity of your eyes or gaze. Scorpio Rising individuals could challenge anyone in a staring contest and not blink an eye!

With Venus ruled Taurus on the descendant you seek an affable, loving, charming, graceful and attractive partner. Attraction to a partner with those qualities who is artistic, creative, musical, sociable, loving, stable, sensitive, "earthy", practical and sensual is likely. A male with Scorpio Rising would seek a feminine, deeply sensual and monogamous partner who is both reliable and predictable. A Scorpio Rising woman, although she seeks the same qualities as the male, the partner she is attracted to could be more sensitive, in touch with their "yin" nature or even "prettier" than other males. The person would have strong personality, trustworthy, sensitive, dependable, sensual and hard working. If you have a Scorpio Ascendant/Rising, knowing your partners Venus placement and the aspects it makes, will tell you a lot about how he/she will treat you in your relationship and how they will act in relationship to you! Venus is what we value and what we are attracted to. In a man's chart, the qualities of his Venus sign will indicate the type of partner he is attracted to. In a woman's chart Mars is symbolic of her ideal man while her Venus placement will also indicate the type of partner she is
